

## Release Notes

### Version ND 5.6.4

#### New Features

---

[DST-13700] RBAC 5.5.8

#### Bug Fixes

---

[DST-13577] All Contacts screen: After a successful scroll/page down, if the user views another App and immediately returns to the ND page, the user is at the top again. (UPDATE only failing now for a scroll which is less than the 50 rows)

[DST-13713] Request to change the formatting of a date

[DST-13725] All Contacts screen; results restricted by Report Search Maximum Search Return system parameter

[DST-13706] Upload Template; inconsistent error messages displayed when attempting to Upload non-.DOT file types

[DST-13705] AP - Team Search Screen - Fails to find address from page 1 if searched for on page 2
