Bug Fixes

- [DST-13930] Offender Address Search; "NF1 1NF" postcode with either no space or >1 spaces does not trigger button validation

- [DST-13877]** Disabilities - Update Disability and Add Disability Screens - DOB Validation message appears only at the top
- [DST-13924]** All Contacts screen - APPERR031 on Edge and Chrome when expanding entry and applying Sort
- [DST-13876]** Disabilities - Update Disability - Validation Error for End Date is at the top of the screen only
- [DST-10580]** Remove offender language from UI - Merge with Active Event - Error message contains Offender references
- [DST-13731]** Existing issue - Caseload Diary Screen - Generates System Error when searching
- [DST-10579]** Remove offender language from UI - Merge Request screen - Offender Not Found message shown
- [DST-13918]** Delete Disability: Adjustments section is still displayed when the story description says it shouldn't be
- [DST-10581]** Remove offender language from UI - Merge Error Details screen - Cause / Sys Info has Offender references
- [DST-13882]** Update Equality Monitoring screen: Viewing/Updating/Deleting/Adding on page 2, returns user to Page 1 (but only when Append rows is OFF)
- [DST-13874]** Disability and Adjustments screen: Viewing/Updating/Deleting/Adding on page 2, returns user to Page 1 (but only when Append rows is OFF)
- [DST-13927]** Offender Address Search; APPERR031 issued when no Postcode exists for an address
