### Bug Fixes

---

- [DST-19773] National Search: Clarification : With Additional Identifier as wildcard only, accompanied by First Name and wildcard only, search is performed (and abandoned)- correct?
- [DST-20640] National Search: Additional Identifier and names with wildcards- AC refers to 'Other Identifier' instead of 'Additional Identifier' ? (so should prisoner number/ CRO/NOMS/NI be included?)
- [DST-20639] National Search: Using wildcard for 'Other Names' plus Additional Identifier - missing error message?
