

Release Notes

Version ND 5.5.8

New Features

- [DST-12917] Pre-Conviction Merge after changes to Document approach
- [DST-12919] Pre-Conviction Un-Merge after changes to Document approach
- [DST-12922] Script: Backup data to contact notes
- [DST-12946] Update Scores Change - User access - Update Scores button
- [DST-13030] Created date should not change between NDelius and Alfresco
- [DST-13136] View Address Screen - Update to always displayed Assessment Type against Address
- [DST-13026] Case Allocation - Create and Recalculate option
- [DST-13308] PDM 27.09
- [DST-12856] Identify differences in old and new CAS decisions

Bug Fixes

- [DST-12671] Merge Offender; two PreCons displayed on Person-level Document List screen of Target Offender
- [DST-13265] Triggering the CAS Stored Procedure for a Sentenced event updates when a CAS already exists but doesn't create a CAS when AC states it should
- [DST-13268] Triggering the CAS Stored Procedure for a CRN with 2 of the same event number: No error reported, instead only one of the CAS entries is updated
- [DST-13067] Story Confirmation - Merge Registration
- [DST-13169] Unmerge MS; ORA-20000 exception when attempting to Unmerge MANAGEMENT_TIER records
- [DST-13287] CAS stored Procedure: Doesn't handle usernames longer than 30 characters
- [DST-13294] CAS stored Procedure: When the event already has a CAS, the incoming values ARE updated but no decision is triggered
- [DST-13261] CAS RSR stored procedure allows 'Assessment Date' to be in the future

- [DST-13290]** Clarification on CAS Procedure for Terminated events which already had a CAS with a decision
- [DST-13291]** Clarification on CAS Procedure for Terminated events which dont have a CAS
- [DST-13270]** Update Address Assessment; Check Address button is rendered but disabled when User doesn't have OIBI110
- [DST-13280]** 2C: Management Tier Changes - User access - View Mgt Tier Screen - AC vs Desc
- [DST-13255]** Case Allocation Details screen: RSR level reference data value isnt interpreted
- [DST-13264]** 2A: Management Tier Changes - Update Management Tier - Tooltips issue on Tier History Table

Problems

- [DST-13208]** SN 1812030 PR210
