

Release Notes

Version ND 5.8.12

New Features

[DST-15189] RBAC 5.6.8

Bug Fixes

[DST-15155] IAPS Attendance Contacts with an outcome of "IAPS Deleted" are included in "RAR/GAR Accredited Programme" counts

[DST-15162] R&M Integration New Locations; 5 Locations fail to be created because input values are too large

[DST-15172] R&M Integration New Location Links; input spreadsheet contains duplicate new link pairings

[DST-15062] Additional Identifier on the Target (B) of 'Merged from CRN [Source A] is no longer displayed if B was later merged with C and this was undone
