## Bug Fixes

---

- [DST-12812]** Update Address screen - if Start Date and Status Mandatory fields incomplete, only Start Date has a Validation Error
- [DST-12218]** No warning message when adding Main address with end date
- [DST-12195]** Able to access View and Update hyperlinks on Active Registrations section from Case summary screen When user no RBAC
- [DST-12161]** Title repeated in the Active Personal Circumstances (Case Summary screen) section
- [DST-10201]** Registration notification; clicking reviews in header doesnt always show reviews if the review is in a different team
- [DST-12554]** Validation Error received when linking a NSI to a Transfer Reason
- [DST-12645]** GDPR - Duplicates - Large sets of data does not load
- [DST-12165]** Sort is not working with column header 'Officer' in Current Events section from Case summary screen

- [DST-12142]** Additional Sentence Value in NDelius\_SAR\_Document.doc doesn't display as a currency
- [DST-12250]** Sort order of the table is not retaining after user returned from View hyperlink in ADDRESS ASSESSMENTS table
- [DST-12447]** [APPERR031] - Error on Recently Viewed page
- [DST-12083]** The verbose tooltip is the same as the Standard tooltip for "Responsible Officer History" in the Personal Details navigation menu.
- [DST-12227]** Court Report - System Generated Contact - Timestamp does not directly show the date and time when a second note was added
- [DST-12523]** Able to create a Address with type 'Awaiting Assessment' and Type Verified 'Yes' which is not Main status
- [DST-12389]** APPERR031 when Amending specific terminated events.
- [DST-12153]** Alias field in case summary screen showing semi-colon at the end even if only one alias name exists
- [DST-12190]** After a Merge and then Unmerge the Additional Identifiers created are still present on the Source
- [DST-12184]** Similar titles repeated in the Community Supervisor (Case Summary screen) section
- [DST-12182]** Active Personal Circumstances section in Case Summary displays wrong message
- [DST-12315]** Court Report - System Generated Contact has timestamp with the latest at the top
- [DST-12194]** Teams dropdown list not being loaded on Add Contact Details page
- [DST-12152]** Information in the court appearance contact not matching the text in the court appearance notes field
- [DST-12075]** Responsible Officer index; new RO not created when Event Terminated and RO should follow OM
- [DST-12772]** Drug Test Summary - Current Test - View Drug Test screen, Associated Docs pagination control not functional
- [DST-12795]** Update Drug Testing Assessment - Changing 'Provider', 'Team' or 'Assessed by Officer' to 'Please Select' generates System Error
- [DST-12782]** Update Personal Contact: Selection of the Document button displays the warning message but with various fields as editable
- [DST-12830]** 6A: Register Improvement - Merge - Failing on SUBJECT\_ACCESS\_DOCUMENT table
- [DST-12340]** Adjourned Non Attendance Event with 2nd Court Appearance - After Deleting 2nd Court Appearance - Event Details generates CWERR002
- [DST-12342]** Document List Error
- [DST-12696]** Personal Contacts with an end date of today or earlier, still appear in the Personal Contacts screen (as well as appearing in the Previous Personal Contacts screen)
- [DST-12565]** Add Drug Test Appointment - Validation Error message issue
- [DST-12585]** PreCon and CPS Metadata; CPS\_SOFT\_DELETED of NULL will cause script to fail
- [DST-12702]** Previous Personal Contacts screen : Sorting on column 'At Risk?' doesnt sort but moves the cursor to the table below
- [DST-12734]** 2A: Personal Contacts List Screen Changes - Professional & Other Contacts Page pagination starts at 8 rows

- [DST-12678]** APPERR031 When saving a new Personal Contact and the optional field 'Identified as a Person At Risk from this Person on Probation' was left as [Please Select]
- [DST-12553]** Update Address : Changing Status from 'Postal' to 'Main' and adding end date doesnt set Status to 'Previous'
- [DST-12478]** View / Update hyperlinks on Active Registrations not present with Roles until 'Append Row Numbers' selected in User Prefs
- [DST-12689]** Add Personal Contact for a Relationship Type which isnt linked to a Relationship modifier : APPERR031 when attempting to access the Personal Contacts list screen
- [DST-12605]** View Address: Type field isnt displayed when Type is set to 'Awaiting Assessment' but the address is linked to a Personal Circumstance
- [DST-12757]** 2C: Add and move fields on Update Personal Contact - Start Date field does not feature in Validation errors if multiple mandatory fields not completed
- [DST-12701]** Previous Personal Contacts screen : No Pagination when User Prefs/Append rows is set ON (also affects the Personal Contacts screen)
- [DST-12469]** Error in SAR report for Additional Sentences section and Appendix C
- [DST-12362]** FTS Contact Content - Sensitive Contact field always marked as No
- [DST-12586]** PreCon and CPS Metadata; Document Type of DOCUMENT applied in Alfresco
- [DST-12771]** Add Personal Contact: Its possible to Save a record with an End Date BEFORE the Start Date
- [DST-12548]** DYNAMIC\_RSR\_HISTORY table has a new row with the RSR score as null when CAS was created on a pre sentence event but no RSR score was added
- [DST-12735]** 2A: Personal Contacts List Screen Changes - If Other Contact added on empty page 2, page 1 rows 'disappear'
- [DST-12499]** CAS Calculation shows wrong decision when Accepting a pending OM transfer to/from Wales (finding the 'old' OM not the new one)
- [DST-12587]** CAS Allocation trigger not performed when pending OM transfer request is Accepted
- [DST-12697]** Previous Personal Contacts screen displays more than just the Forename and Surname under the Name column (also affects the Personal Contacts screen)
- [DST-12703]** 3C: Update Registration - double pagination controls appear after 11 docs uploaded
- [DST-12681]** 3A: Add Registration - Tooltip error on Update command button
- [DST-12494]** SAR Issues with Appendix C and Appendix B for Drug Tests
- [DST-12608]** Update Drug Test Appointment - if Date field removed and Save selected - Sys Error generated
- [DST-12767]** Update Personal Contact: APPERR031 when using the Update button on a record to add a future dated end date
- [DST-12603]** Update Address: Type field is displayed as [Please Select] when a Type had been set (but the Type is Inactive)
- [DST-12712]** Previous Personal Contacts screen : After selecting Update and Saving (or Delete and Confirm), the user is returned to the 'Personal Contacts' screen instead of the 'Previous Personal Contacts' screen.
- [DST-12705]** 3C: Update Registration - Row count increases each time page is changed
- [DST-11886]** Add Offence; screen not included in Replace Case Allocation Screen Epic
- [DST-12629]** Add Offender; APPERR001 when Save pressed

- [DST-12395]** Update Historical Address: Fields become editable when they shouldn't be (when the links or buttons have navigated to a different screen and returned) and then Save/Update is used
- [DST-12685]** 3A: Add Registration - Removing RBAC RRB120 still allows access to Update command button
- [DST-12128]** OS transfer accept : CAS trigger for ALL active events (same for un-terminate event, add sentence, move event)
- [DST-12736]** 2A: Personal Contacts List Screen Changes - Deletion of rows in Personal table also removed Page 2 rows for Professional and Other Contact tables
- [DST-12082]** Extra CAS Allocation trigger when the pending transfer is Created/Rejected/Withdrawn and not just Accepted
- [DST-12688]** APPERR031 When saving a new Personal Contact and the content of field 'Self Described Gender' exceeds 50 characters
- [DST-12729]** Pending Transfer Diary: Selection of 'Case Summary' and return takes the user to the National Search screen, instead of back to the Diary
- [DST-12748]** GDPR - Offender Deletion Batch is not deleting any record from the Pending Deletion list.

## Problems

---

- [DST-12794]** SN 1749556 PR201
- [DST-12566]** SN1717833 & PR196
- [DST-12567]** SN1717912 & PR197
- [DST-12156]** IN01643031 - PR194 Duplication of AP Previous Resident screen
- [DST-12786]** PR1751710: Update Contact: APPERR031 results when the size of the notes exceeds 32000 characters in total
- [DST-12785]** PR743132: Update NSI: APPERR031 results when the size of the notes exceeds 32000 characters in total
