

Release Notes

Version ND 5.8.6

New Features

- [DST-14815] Link to Consider a Recall
- [DST-14824] Add link to Resettlement Passport
- [DST-14828] Display new locations on System Parameter Maintenance screen
- [DST-14827] RBAC for Resettlement Passport
- [DST-14916] PDM 28.18

Bug Fixes

- [DST-14878] 5A: Delete Contact Screen - Delete associated child contact - NSI RAR Count not updated
- [DST-14812] Unmerge (multi) : Error reported with the batch when the final A and B unmerge has been requested
- [DST-14893] It is possible to update System Generated Contacts (And upload documents to them) after a Free Text Search (noticed for the RAR child contact)
- [DST-14894] Update Parent RAR Contact: RAR Activity Delivered: shows as blank, whereas View Contact displays the linked NSI (when the NSI is terminated)

Problems

- [DST-14768] SN2078053 PR247
