Bug Fixes

- [DST-20855] 3c. Registration Summary - Current Registration Table - De-Registration Link - History Table Issue
- [DST-20741] Active Cohorts and Register Summary screen: AC states default sorting on 'Registration Date', but there are 2 date columns now, First Registration and Latest Registration
- [DST-20765] Active Cohorts screen : query on what links there should be, there are only view and deregister (not hyphenated)
- [DST-20885] Active/Previous Cohorts Table: Pagination issues
- [DST-20909] At Last Termination screen: 'new' link isnt displayed when the users linked home area is inactive, AC10 states that it should be present

- [DST-20870]** De-register ALT Registration script; ALT Registrations with Reviews
- [DST-20897]** Reg Header Bar; Other Register Globes changes compare to Production
- [DST-20868]** Reg Summary Details; Audited Interaction includes Offender ID
- [DST-20859]** Reg Summary Details; Last Registration Notes field label has tooltips
- [DST-20876]** Reg Summary Details; rows dropped from Reg History table after navigation
- [DST-20847]** Registration Summary Details screen: Close button verbose tooltip difference
- [DST-20869]** Registration Summary Details screen: History section displays Category and Level 'now' and not the initial category /level
- [DST-20849]** Registration Summary Details: Deletion of a Registration row when there is another one left, navigation is to Register Summary when it should be Register Summary Details

Problems

- [DST-20700]** Incident 3723010 - PR347 - New Court Report button 'disappearing'
