

# Release Notes

## Version ND 6.5.9

### New Features

---

- [DST-20898] 3b. Contact Details New Field for Deeplink to Registration
- [DST-20583] 9k. Registration Print Summary
- [DST-20376] Delete future Dated Contacts against NSIs
- [DST-21090] RBAC 6.3.12
- [DST-21121] RBAC 6.4.3
- [DST-21145] RBAC Script for Breach Notice

### Bug Fixes

---

- [DST-20949] Add Contact; Colour Preferences not used by Improved Contact Type dropdown
- [DST-21095] Add Registration: Contact Notes have time in format hh:mm:ss instead of normal hh:mm
- [DST-19860] After a Merge, the Alert Count in the header is unchanged, when the number of rows it returns if clicked has reduced
- [DST-21093] Cohorts Screen Table Heading for Docs missing '?'
- [DST-21026] Events > Add Court Appearance Banner Validation Out of Order
- [DST-20785] National Search as specified in DST-20122 but without the DOB is still restricting results and not weighting (clarification?)
- [DST-20993] National Search: Different behaviour if DoB included or not when First Name is missing
- [DST-20980] Update Registration Review to Deregister: Unexpected validation for 'Next Review Date' and 'Next Review Time'
- [DST-20979] Update Registration Review: Confirmation warning messages clarification when level and/or category have been altered with Deregister = Yes
- [DST-21010] Update Registration Review: Query regarding the position of Next Review Date and Next Review Time
- [DST-21094] Update Registration Review; Changes Lost dialogue invoked when Cancel pressed on De-registration Warning screen

**[DST-21099]** Update Registration Review; RRBI180 not generated when a Reg Review is De-registered

## Problems

---

**[DST-20694]** High CPU in production during concurrent runs of national custody search.

## Scripts

---

**[DST-21089]** Add permission to standard users
