Bug Fixes

[DST-19813] SAR Breach: With 'ENABLE_NAT_BREACH_SAR' set to false, draft NAT Breach documents are in the sensitive folder of the .zip

[DST-19919] 3c. Action on Save or Cancel on Add Extension screen - Form Update

[DST-19855] AC Update: AC 3 has wrong button names

[DST-19899] View/Update UPW Details field '2/3rds point of Total Hours Ordered will be' should this be in Hours and Minutes?

[DST-19888] Breach notice - warning message missing ending full stop

[DST-19875] View/Update UPW Details; sorting Length column when Outstanding value has been reduced sorts in wrong order

[DST-19879] Update UPW Details; sort order arrow not removed from previous sort column when Length sorted

[DST-19907] Update Requirement : Transfer History shows a Date in the future for UPW Extensions started in the future, which stops me updating the Requirement to alter team and officer (APPERR031 if Consolidated Transfer is attempted)

[DST-19775] Notes field - Some rejection notes for transfers are not being datestamped correctly

[DST-19623] SAR generation when the parameter 'ENABLE_NAT_BREACH_SAR ' is set to false, Breach docs still included

[DST-19859] Link lists Sentence Type and Condition Type - Changes Lost message issue
